EDUCATION

NORTH DAKOTA STATE UNIVERSITY

May 2023

Bachelor of Science, Computer Science

- Accomplishments: *Magna Cum Laude*

PROJECT EXPERIENCE

GENERAL DATA INGESTION TOOL - NDSU Capstone

January 2023 to May 2023

Microsoft and NDSU Agriculture

- Big data pipeline application to ingest and generate basics reports from Crop Variety Trials data
- Managed a 6-person group as the Scrum Master that effectively organized tasks and timelines that resulted in a project that exceeded client's expectations
- Individual work was mainly in the back-end environment of ASP.NET and Azure Services (Data Lake Storage, DevOps) along with assisting the front-end in React.

PROFESSIONAL EXPERIENCE

VOLUNTEER- Fargo, ND

March 2023 - Current

Microsoft TechMobile

- Volunteered in Microsoft's TechMobile program that visits rural schools across North Dakota and Minnesota to spark interest in STEM and Computer Science
- Introduced the basic ideology and thinking skills needed for the STEM and Computer Science fields that entertained and successfully generated interest with student participants
- Instructed students how to operate a MicroBit with planned tutorials, followed by lending guidance to students to create their own applications

PARALEGAL - Fargo, ND

July 2016 to June 2020

Neustel Law Offices

- Assisted in general legal tasks: documenting, communicating with USPTO, assisting attorneys, document filing, and communicating with clients.
- Entered client and file information into CRM with nearly 100% accuracy.
- Prepared attorney's tasks and important documents for each day to streamline work
- Developed strong communication skills by answering clients file and patent related questions to help them better understand the process of applying and maintaining patents, trademarks and copyrights.
